CLEARED CA FOUNDATION? CONGRATULATIONS!

CA Intermediate September 2027 Roadmap

Everything in one place: registration deadline, exam form, papers & marks, which group to take, the ideal 10-month journey and a revision strategy that actually works.

Register by **1 Jan 2027** | **6** papers · **2** groups | **6–7** months classes | **2.5–3** months revision

STEP 1 · DON'T MISS THESE DATES

Key dates for the September 2027 attempt

DEADLINE

1 Jan 2027

Register for CA Intermediate

ICAI needs an 8-month study period before your first Inter attempt. Register on or before 1 January 2027 to be eligible for September 2027.

NOW → MAY 2027

Nov 2026

Start classes

Foundation result is out. Start now and finish all classes by about May 2027.

ROUGHLY

July 2027

Exam form window

For September exams, ICAI usually opens the form in early July. A late-fee window follows. Fill it on time.

EXAM

Sep 2027

CA Inter exams

Usually held in the first half of September. Group I papers come first, then Group II.

Registered after 1 Jan 2027? Then your first attempt moves to **January 2028** (register by 1 May 2027 for that). Registration stays valid for 5 years, so register early. There is no downside.

Dates follow ICAI's usual cycle. Check the exact notifications on **icai.org** / BoS announcements before acting.

STEP 2 · KNOW THE EXAM

6 papers, 2 groups, 100 marks each

Group I — 300 marks

1	Advanced Accounting	100
2	Corporate & Other Laws	100
3	Taxation Income Tax 50 + GST 50	100

Group II — 300 marks

4	Cost & Management Accounting	100
5	Auditing & Ethics	100
6	FM & SM Financial Mgmt 50 + Strategic Mgmt 50	100

40%
Minimum in **each** paper

50%
Aggregate in the group (150 / 300)

60+
Score 60+ in a paper of a failed group and you get an exemption in it

3 hrs
Per paper. Includes an MCQ part plus descriptive questions

STEP 3 · THE BIG DECISION

Both groups together, or one group first?

RECOMMENDED FOR MOST

Both groups (Sep 2027)

- Finish Inter in one go. Articleship and Final start sooner.
- About 10 months is enough if you stay consistent.
- Concepts link up: Accounts ↔ Audit, Costing ↔ FM.
- Aggregate is per group, so one strong paper can carry a weaker paper in the same group.
- Needs about 8–10 focused hours a day, 6 papers to revise twice.

SITUATIONAL

One group first

- Good if you're in college, working, or started late.
- Lighter load, so you can aim for higher marks and exemptions.
- Common route: Group I in Sep 2027, Group II in Jan 2028.
- Inter takes one more attempt cycle and Final gets pushed back.

Simple rule: If you can give 8+ honest hours a day from now, **go for both groups**. If not, pick one group and do it really well. Don't take both groups and then half-prepare them.

STEP 4 · THE IDEAL JOURNEY

Nov 2026 → Sep 2027: about 10–11 months

Nov Dec Jan Feb Mar Apr May Jun Jul Aug Sep

Classes · 6–7 months
Nov 2026 – May 2027

Revision · 2.5–3 months
Jun – Aug 2027

EXAM

Phase 1: Complete classes

- Rotate subjects: run 2–3 subjects at a time.
- Practise questions the same day the topic is taught.
- Highlight important questions as you go.
- Do a small weekly revision of what you finished.
- Register by 1 Jan and plan revision dates early.
- Hard deadline: all classes done by end of May.

Phase 2: Revisions

- Revision 1: full depth.
- Revision 2: highlighted questions only.
- Mock papers under exam conditions.
- Fill the exam form in July.

Exam

Last quick look and formulas. Nothing new.

STEP 5 · STRATEGY THAT WORKS

Important strategy tips

01

Finish classes in 6–7 months

Classes are not preparation. They come before preparation. If classes run into July, there's no time left to revise.

02

Highlight important questions during classes

Mark PYQ / RTP / MTP-type and tricky questions right away. Those marks become your revision list later.

03

Cut down redundant questions

If 5 questions test the same concept, keep the best 1–2. Revising 300 smart questions beats 900 repeated ones.

04

Plan every revision in advance

For each chapter decide when you'll revise it and how: what you cover in R1 and what you cover in R2. Write it down.

05

Plan for at least 2 revisions

One revision is not enough for 6 papers. Two revisions is the minimum target. A third quick round is a bonus.

06

Keep 2.5–3 months for revision

After classes end you need enough time for 2 revisions. That's why classes must be done by May.

STEP 6 · REVISION BLUEPRINT

How to plan Revision 1 and Revision 2

REVISION 1 · DEPTH

Cover 100%

About 6–7 weeks · June to mid-July

- 100% concepts and the whole syllabus. Leave nothing out.
- ICAI study material questions + illustrations.
- PYQs, RTPs and MTPs, chapter-wise.
- Make short notes: formulas, sections, SA keywords, mistakes.

REVISION 2 · SPEED

Only what matters

About 4–5 weeks · mid-July to August

- Highlighted / important questions only.
- Your mistake list and short notes.
- At least 1–2 full papers per subject, timed for 3 hours.
- Theory: practise writing in exam language.

REVISION 3 · OPTIONAL

Final touch

Exam gaps / last week

- Formulas, charts, notes.
- Amendments in Tax & Law.
- No new material.

Rule of thumb: you need **at least 2.5–3 months** after classes to complete 2 proper revisions of 6 papers.

STEP 7 · MAKE IT CONCRETE

Plan each chapter's revision: sample tracker

SUBJECT / CHAPTER	CLASSES DONE	IMP. QS MARKED	R1 DATE	R1 COVERS	R2 DATE	R2 COVERS
Adv. Accounts · AS 2 / AS 10	Dec wk 2	18 / 45	3 Jun	All Qs + PYQ/RTP	20 Jul	18 marked + mistakes
Tax · PGBP	Feb wk 1	22 / 60	10 Jun	Concepts + MTPs	25 Jul	Marked + amendments
Costing · Standard Costing	Jan wk 3	15 / 40	14 Jun	Formulas + all Qs	29 Jul	Marked + 1 timed set
Audit · SA 200 series	Mar wk 2	—	20 Jun	Full reading + keywords	3 Aug	Notes + case studies
Law · Companies Act chapters	Apr wk 1	—	26 Jun	Sections + PYQs	8 Aug	Notes + MCQs

Make this sheet in **January**, not in June. When you already know the date and scope for every chapter, you don't lose days deciding what to study next. The dates above are only an example.

BONUS · PAPER-WISE POINTERS

Quick tips for each paper

P1 Advanced Accounting

Practice-heavy. Do questions every day. Learn AS concepts with their logic, and present working notes neatly.

P2 Corporate & Other Laws

Use ICAI language. Write in a provision, facts, conclusion format. Revise sections often because theory fades fast.

P3 Taxation

Study as per the Finance Act applicable to Sep 2027 (check ICAI's notice). Keep up with amendments. Practise IT and GST equally.

P4 Cost & Mgmt Accounting

Concepts first, then practice. Keep a formula sheet. Revisit standard costing and marginal costing often.

P5 Auditing & Ethics

Read the ICAI module line by line. Learn SA keywords. Practise case-study answers by writing them.

P6 FM & SM

FM: formulas plus practice. SM: case-study based, so apply concepts to the case and don't just copy theory.

Every paper has an MCQ part. Practise MCQs from ICAI's MTPs / RTPs. These are easy marks and also show you weak areas.

BONUS · THINGS NOBODY TELLS YOU

More points for fresh Foundation passouts

- **Inter is a big jump from Foundation.** More depth, more theory and subjective answers. Don't carry Foundation-level effort into it.
- **ICAI material + RTP + MTP + PYQ** are the base. Faculty notes add to them and don't replace them.
- **One faculty per subject.** Switching teachers halfway wastes weeks.
- **Track backlog weekly.** A 1-week backlog is easy to fix. A 1-month backlog breaks the plan.

- **Write, don't just read.** Presentation, working notes and time management are scored too.
- **Consistency beats intensity.** 8 hours every day beats 14 hours on some days and zero on others.
- **Protect sleep and health**, and cut down social media. Burnout in July ruins revision.
- **Do ICITSS (ITT + OT) after the exam**, in the gap before results, so articleship can start right away.

THE BIGGER PICTURE

Where CA Inter takes you

NOV 2026
Register & start classes
Register by 1 Jan 2027

→

SEP 2027
CA Inter exams
Both groups, or one group first

→

AFTER EXAM
ICITSS
ITT + Orientation course

→

AFTER PASSING
Articleship
2 years of practical training

→

GOAL
CA Final
Then you become a Chartered Accountant

Start today. Finish classes by May.
Revise twice. Pass in September 2027.

Eligibility rules, dates and the applicable Finance Act come from ICAI and can change. Always confirm on **icai.org** and BoS announcements.
